Three Highway Projects Here Win Approval

State Chamber Urges Jobs Be Included In New Budget

Three San Mateo county highway projects were listed today among $6,000,000 worth in nine central coast counties to be recommended to the California State Highway Commission for inclusion in the 1937-39 budget by the influential statewide highway committee of the California State Chamber of Commerce, headed by Hubert M. Walker of San Francisco.

Projects in this and other counties were included in the program after a year's study by the committee, under chairmanship of Frank J. Booth of Paso Robles. Members of the committee from San Mateo county are Henry Witte, Redwood City realtor, and J. C. Nowell, Hillsborough manager.

The three projects for San Mateo county are:

1. Widening and resurfacing El Camino Real between Redwood City and Palo Alto, thus continuing south the work of improving the thoroughfare between Beresford, in San Mateo, and Redwood City, which is expected to start momentarily.

2. Continuing construction of the Ocean Shore highway by completing portions of it between Montara and the Santa Cruz county line.

3. Continuing Junipero Serra boulevard south from its present end near Colma.

The state chamber group, in submitting the program, stated that its aim had been to limit its recommendations to what might reasonably be expected to be undertaken with available highway revenues.

Hostess Offered Aid In Planning Autumn Dinners

With the approach of a busy autumn-season of home entertaining and regular family meal planning, housewives of Redwood City are sure to welcome the suggestions presented in a new series of messages appearing regularly in The Beacon.

These are sponsored by the makers of oven-fresh Snow Flake Crackers and are addressed to the Perfect Hostess, which means every modern-minded woman who wants her table to reflect quality and discrimination. The keynote of successful meals is always an interesting topic. This particular group of hints appear on the food pages every Friday.

CITY COUNCIL DROPS PLANS FOR NEW PARK

'Butcher Field' Offer Is Out of Question, Members Hold

For the present, at least, development of the old "butcher field" on the railroad right-of-way between James and Jefferson avenues as a public park would be too expensive to consider.

This was the consensus of the city council today, after it had considered an offer of the Southern Pacific to sell the seven-acre area to the city for $60,000.

After hearing Councilman Evans Fletcher read a communication he had received from A. T. Mercier, railroad official, offering the property for that amount, the council Monday night reasoned that further development necessary before a city park could be established would run total cost to around $100,000.

Council Acts To Slow Cars

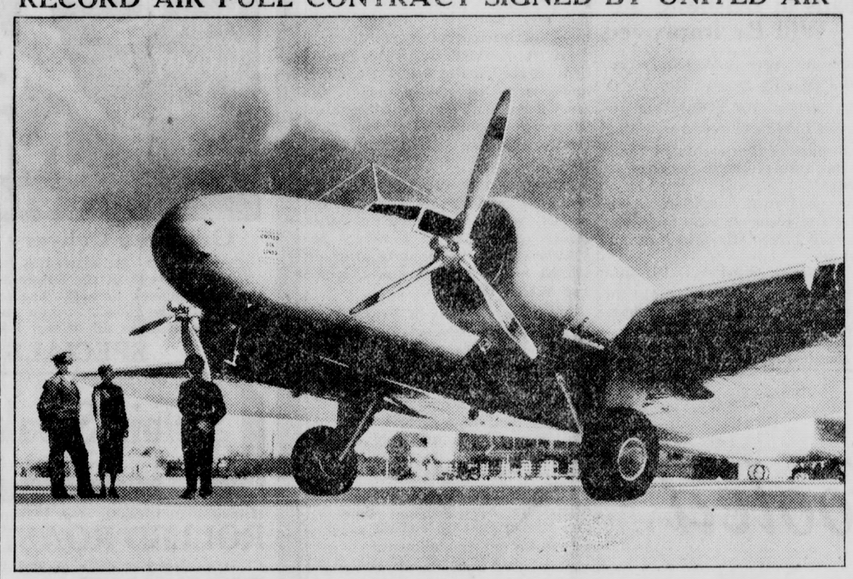
Other Business Items Handled By Board In Meet Here

After Councilman James Eva had called attention to dangers existing in Redwood City from speeding autos, on Brewster street in particular, and to the dangerous condition of the "dip" in the street at Fulton, Police Chief C. L. Collins was asked by the city council Monday to paint a sign on the thoroughfare warning motorists of the depression in the roadway and to attempt to curb fast driving on that and other city streets.

The chief's monthly report revealed that speeders have been getting attention of the force, 26 motorists having been cited during August for that offense.

Fifty-three autoists were cited for violating parking laws, and 10 for other traffic law infractions, the report disclosed.

RECORD AIR FUEL CONTRACT SIGNED BY UNITED AIR



United Air Lines announces the largest contract for gasoline in the history of aviation. United has ordered a three years' supply of gasoline involving 27,000,000 gallons from the Standard Oil Company of California and the Standard Oil Companies of Indiana, New Jersey and Ohio. Here is shown one of United's three-mile-a-minute twin-engined transports, which burns 63 gallons of gasoline per hour and requires 1,000 gallons for an overnight coast-to-coast flight. REDWOOD CITY TO LAUNCH CLEANUP CAMPAIGN MONDAY

Free Rubbish Hauling Special Inducement

With an unusual inducement offered householders who participate, a week's cleanup campaign backed by the city council and five lodges and clubs will be launched in Redwood City on Monday, it was announced today.

All citizens will be urged to remove all accumulations of rubbish from their back yards and other parts of their premises, and in general clean up their property.

The inducement is this:

The city then will remove, without cost to the householder, the rubbish. The city is always glad to remove such refuse, but at other times a charge is made.

But between Monday and Saturday noon of next week, a personal or telephone call to the city hall will bring a truck to haul away rubbish, providing the refuse is put in an accessible place, preferably on the street in front of the house.

The campaign is the outgrowth of a meeting of committees from the Eagles lodge, East Redwood City Improvement Club, and the Exchange, Lions and Kiwanis clubs.

MRS. McDONALD AWARDED $500 MONTH FROM OIL FORTUNE HEIR

James McDonald III, Hillsborough heir to an oil fortune, must double the $250 monthly payments to his estranged wife, Alecia Breeze McDonald, for support and maintenance of herself and their 2½-year-old daughter, Superior Judge A. R. Cotton ruled Tuesday in Mrs. McDonald's suit for the $500 payments and other items.

In addition, Judge Cotton ruled that McDonald, who when he is 30 will enjoy benefits of a $1,000,000 trust fund left him by his grandfather, James McDonald, one-time Standard Oil Company official, must pay $878 medical costs for his wife's plastic surgery operations and $122.93 attorney fees. She had asked $1,100 for the surgery, performed by Dr. Franklin E. Bissell Jr. of Oakland.

Judge Cotton continued until October 5 Mrs. McDonald's plea for "reasonable sums" for other counsel fees and costs to enable the plaintiff to prepare for the trial, which was a maze of demurrers and cross complaints.

Young McDonald, now 24, has been fighting to free himself from his wife since October 24, 1933. The couple were married in June, 1932, when the former Stockton High School girl eloped to Reno with McDonald, then a College of Pacific student.

Trough his mother, Mrs. Beulah Martin, Hillsborough socialite, McDonald, while still a minor, sought annulment of his marriage, but this was denied by Judge Franklin Swart. The state supreme court recently upheld Swart's ruling that the Nevada marriage was legal. Mrs. Martin had claimed that the couple were under the legal age of consent at the time of their union.

Young McDonald is the son of James McDonald II, who recently died of asphyxiation in Boise, Ida. Mrs. McDonald, a comely brunette, is defended by Attorneys C. Harold Caulfield and Edward Keil. McDonald is represented by Attorneys U. S. Webb and Hester Webb.

Goodwill Industries Here Twice Weekly

Trucks of Goodwill Industries will call in San Mateo county twice a week in the future, thus giving peninsula residents more effective service, Norma M. Greiner, promotion secretary, announced here today.

In the future the trucks will be in the county on Tuesday and Thursdays. Beds, mattresses, furniture and clothing, to be used in giving employment to crippled and hanicapped men and women, are needed, Secretary Greiner said. A postcard to the organization at 916 Howard street, San Francisco, will bring a truck, she stated.

NURSE IN TRIANGLE CHARGE

BURLINGAME, Sept. 16.—Mrs. Marie Bouquet, Burlingame nurse, was sued today by Mrs. Zoe Boismoreau for $75,000 for seduction and alienation of affections. Mrs. Boismoreau charged Mrs. Bouquet won the affection of her husband, Leon, whom she married July 1, 191, the United Press reported from Oakland, where the suit was filed.

Golden State Captures High Score Ratings

Awards were made this week by the Sacramento State Fair judges to the two Golden State Dairy plants of the Peninsula Division for high milk scoring.

The San Jose Golden State plant scored 98.8, first of all plants in Northern California and second for the state, only .3 point below the receiver of the gold medal.

The Palo Alto Golden State plant closely followed with a score of 98.6, running second for Northern California and third for the entire state.

Over two hundred dairies entered samples of their milk. These samples were picked up by representatives for the judges from regular delivery wagons, on regular routes, unbeknown to the contestants.

Five days before the judging the milk from the San Jose and Palo Alto plants were taken from the wagons, packed on ice and sent to Sacramento.

The judging was on a basis of quality, flavor, purity, and goodness. The fact that two plants of the Golden State Company, both located on the peninsula, received awards is an indication of the high standards of dairy procedure in this region.

Traffic Fines Amount to $70

McAuliffe Hits Pair With Penalties Of $20 Apiece

Twenty dollars apiece was the price Daniel T. Vuyas of San Francisco and Harold C. Morris of Oakland paid in Justice Edward I. McAuliffe's traffic court for speeding 70 miles per hour on the Bayshore highway, records showed today.

Both men were arrested separately by Patrolman Manfred Walzberg.

Next highest penalty was imposed on George S. Shively of San Francisco. He contributed $5 to the city coffers for speeding 60 miles per hour on the Bayshore highway, where he was arrested by Walzberg.

Less serious speeding offenses brought $2.50 fines to Louis Kwartz of San Francisco, John Mackey of Lomita Park, Arthur Charlson of San Francisco, Fred Miller of Santa Cruz and Marjorie Holt of San Francisco.

Failure to stop at an arterial brought a $2.50 fine to Gardner H. Brewer of Fresno, while driving without lights cost James MacBeth of San Francisco the same.

Fines of $2.50 each were imposed on Earl Main and Gardner for failures to stop at arterials, bringing the traffic court's total so far this week to $70.

Consolidation Of Local Firms To Be Effected

First National Rooms Will House Both Organizations

Moving of the San Mateo County Bank from its present location at Broadway and California street to the banking room of the First National Bank of San Mateo County at Main street and Broadway and purchase of the lease and fixtures of the Upper Broadway structure by the American Trust Company for its new Redwood City branch were announced this week as negotiations for the transactions were completed.

In making the announcement for his firm, Vice-Pres. Edward T. Harrison said the San Mateo County Bank would be moved on October 11. The following day, Monday, all transactions in commercial, savings accounts and safe deposit boxes will be carried on at that location, resulting ultimately in a consolidation of the affairs of that bank with the First National.

ADDITIONAL PROTECTION

This will "obtain for the depositors the additional features of protection which can be obtained in a larger institution operating under a national bank charter" and will "expand loaning facilities to keep pace with the rapid growth of Redwood City," Harrison said.

No changes in personnel of either bank are planned in the move, according to Harrison.

Establishment of the American Trust Company branch here will result in closing of the unit of that bank in Menlo Park, with its business and personnel being moved here.

Fiesta Benefit Told Exchange

Harold Anderson, local attorney, deserted the legal field of demurrers and cross complaints to speak on vegetables, fruits and flowers before the Exchange Club at Sequoia Hotel last evening.

Anderson, an Exchangite and chairman of the speakers' unit of the county floral fiesta which will be held at Bay Meadows San Mateo track October 8-11, told the service club that all the 124 varieties of vegetables and 13 varieties of fruit raised in the county will be on display at the fiesta.

Detailing highlights of the fiesta program, such as the parade and nightly pageant, Anderson told the club that the main purpose of the fiesta is to acquaint the purchasing public with the reason for wider interest in county products.

"The fiesta brings people of the county together, making them replace local interests with county ones," Anderson said.

Registration of all unemployed persons on relief in Canada is scheduled to start September 1.

Mary Ann Kreiss, County Resident 62 Years, Passes

A six months' illness ended in death early Tuesday for Mrs. Mary Ann Kreiss, a native of the Argentine Republic but a resident of San Mateo county for 62 years. Mrs. Kreiss, who was 72 years of age, had lived in Redwood City for the past 62 years. Her home was at 1520 Middlefield road.

Mrs. Kreiss is survived by her husband, Henry; four daughters, Mrs. Margaret Werder, Mrs. Alice Lanfear and Mrs. Irene Curran of Redwood City and Mrs. Henry Faber of San Francisco; two sons, Jacob of San Carlos and Philip of San Francisco; two sisters, Mrs. Katherine Stott of Redwood City and Mrs. Elizabeth Jenkins of Palo Alto; a brother, William McCormick, and seven grandchildren.

PLANT HEAD TAKES LIFE AT ATHERTON

J. R. Johnson Victim Of Suicide; Wife Finds Body

J. R. Johnson, 53, manager of the Foderer Cornice Works in San Francisco, committed suicide early Tuesday morning in the garage of his home on Tuscaloosa ave., Atherton, by inhaling carbon monoxide fumes.

His body was found by his wife, Kathryn, who was awakened by the sound of the running motor.

Johnson was slumped over in the front seat of the car. A hose was attached to the exhaust pipe leading inside the automobile. No note was found explaining his act but police said they learned that Johnson had been worrying over finances.

In addition to the widow, survivors include a daughter, Kathryn Nadine, and two sisters, Mrs. Emma Evans and Mrs. Viola Schocke, both of San Jose. Funeral services were set for Thursday afternoon at 2 o'clock, at the Roller and Hapgood parlors, Palo Alto.

Air Lines Observes Tenth Anniversary

MILLS FIELD, Sept. 14—A decade of Pacific coast air transportation progress from pioneering flights in slow single-engined mail planes over a makeshift airway to the present three-mile-a-minute schedules flown with huge twin-engined air liners over the most modern of airway facilities, will be completed tomorrow by United Air Lines, according to W. A. Patterson, president. Simultaneously with the celebration of the tenth anniversary of its Pacific coast air route, United Planes will complete the 20,000,000th mile of flying between Seattle and Southern California, which, added to 80 million miles on its coast to coast route, gives United its international record of 100 million miles.

Cafes, Taverns Arouse Wrath Of City Board

September Last Month For 'Saloon' Gayety In Redwood City

Dances in rooms such as beer parlors, cafes or halls where liquor is sold were ordered banned by the city council when it met in the city hall in special session Monday night.

Provoked by a half dozen applications to conduct dances in taverns, inns and restaurants, a lengthy discussion of the problem, led by Councilman Robert Jones, resulted in the council voting unanimously to have a new ordinance prepared or an existing one amended prohibiting dancing in establishments where liquor, including beer and wine, is sold in the same room where the dance is held.

Councilman Jones himself offered the motion, which carried a provision that pending final approval of the ordinance, which could not be given until November 2, a policy be declared, effective October 1, that no permits be issued for dances in the places included in the measure.

M. P. Man Heads D. A. V. Chapter For Coming Year

New commander of the Peninsula Chapter No. 47, Disabled American Veterans of the World War, is A. C. Hoover Jr. of Menlo Park, as the result of the annual election held last week in Palo Alto.

Other officers are: Edward L. Edwards, Menlo Park, senior vice-commander; Dr. R. E. Toms, Veterans' Administration Facility, Junior vice-commander; G. B. Reyes, Palo Alto, chaplain.

O. K. Wittenburg of Redwood City, present adjutant, is retained. Langley Shoemaker is the retiring commander.

MYSTERY CLEARED

A hint of mystery in the sudden death of Leslie Hunt, 43, of Los Angeles while on a vacation and living in a Daly City auto court was cleared up today as City Chemist Joseph B. Swim of San Francisco reported he had been unable to find any trace of poison in the dead man's body.

Chaney Paid Final Tribute

Veterans Bid Farewell To Comrade, Install New Officers

Veterans of Redwood City and vicinity attended two impressive services Monday night, one of them honoring a departed comrade, the other installing officers to head the local American Legion post for the coming year.

The chapel of Layng and Tinney was crowded to overflowing when more than 400 friends gathered to pay a final tribute to C. T. Chaney, local cement firm office employe and leader in veterans circles, who died Saturday night of a heart attack.

Military rites were conducted, with the ritualistic team of the Old Glory Post veterans of Foreign Wars, Daly City, presenting the service. Mr. and Mrs. J. B. Chaney of Dishman, Wash., brother and sister-in-law of the deceased, arrived just at 8 o'clock as the services started.

They made arrangements to return the body of Chaney to Jefferson, Mo., his home city where he is survived by his mother, Mrs. Alice Chaney.

Following the funeral rites, the veterans adjourned to the Veterans Hall where Maj. Henry W. Edmonds and his corps of officers were seated by the ritualistic team of the San Mateo county Voiture of the "40 and 8," headed by C. H. Whitney.

After the service, a feed of "frijoles a la Guadalajara" — beans but unanimously voted good ones —and other appropriate dishes were served those attending.

During the evening preliminary plans were discussed for the 17th annual Armistice Eve dance, which will be held the night of November 10 in Belmont. Stanton Mullin is chairman.

Roads in Brisbane Will Be Improved

Brisbane's poor roads will be improved starting October 15, W. O Eddy, district WPA director, announced today as he revealed that seven miles of thoroughfares there will be resurfaced at a cost of $20,000.

The poor road conditions drew protests of residents who appeared yesterday before the board of supervisors.

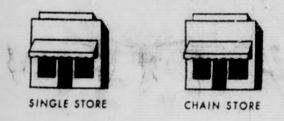
VOTERS: *Don't be fooled*

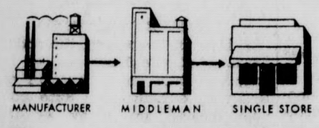
No matter what they call it...

22 IS A TAX ON YOU!

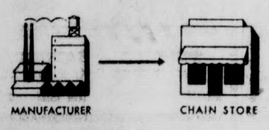
On the November 3rd Ballot there will appear as Proposition 22, an innocent looking measure called the "Retail Store License." But don't be misled. It's a 1936 model hidden tax...a new scheme to stifle competition and raise prices. This simple story of two stores explains the plot.



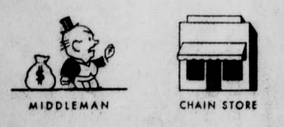
(1) Here are 2 California retail stores. On the outside they look much alike. Each does a good business. But one is a single store, the other has brothers and sisters and is called a chain store.



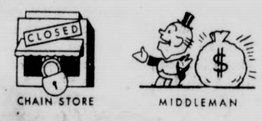
(2) The SINGLE store charges ten per cent higher prices, because it gives credit and delivery service and because it buys through a middleman.



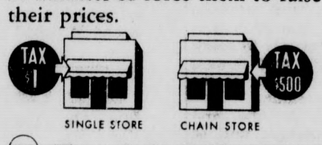
(3) The CHAIN store charges ten per cent lower prices because it eliminates all frills, unnecessary services and in-between expenses and buys directly from producer or manufacturer.



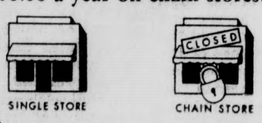
(4) You may remember, at one time the middleman sold goods to all retailers. That was when the high cost of living was our biggest headache. But today the chain store eliminates the middleman and the middleman's profits. So the middleman is opposed to chain stores (wouldn't you be—if you were a middleman?)



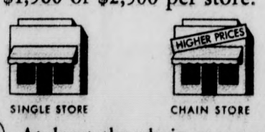
(5) The middleman realizes that people trade at a chain store chiefly because it sells for 10 per cent less. Since he can't compete with the chain store method, the middleman wants to put chain stores out of business or force them to raise their prices.



(6) Through the California Legislature he lobbies a bill called the "Retail Store License." This unfair bill would levy a special tax of $1.00 a year on single stores and $500.00 a year on chain stores.

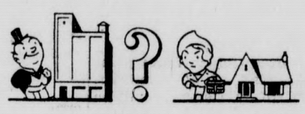


(7) That, he figures, may put the chain store out of business so its customers will be forced to pay the higher prices at the single store. If not, the tax can be raised later to $1,500 or $2,500 per store.



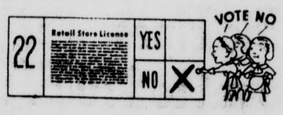
(8) At least the chain store will be forced immediately to raise its prices and thus lose business.

(9) In either case competition will be less. So the single store can raise its prices and still get more business. This means fatter profits for the middleman who sells to the single store.

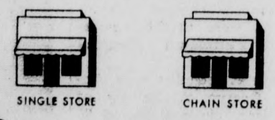


(10) Of course the public will pay for these profits through an increase in prices on the necessities of life. But it's just a question of whether the middleman or the public takes the rap.

(11) Who would suspect that an innocent thing like a Retail Store License was another scheme to tax the public and fatten the middleman's pocketbook? Voters might think it was some trifle like a dog license or a fishing license!



(12) But wait. Some of the public did suspect. Shortly after this hidden-tax bill passed the Legislature, 136,000 indignant California voters signed a petition that put it on the ballot at the next general election. Now the voters can say a word for themselves. We think that word will be "NO."



(13) So what it all adds up to is this: the innocent sounding Retail Store License is a scheme to subsidize the single store and wholesaler by taxing the public. 22 is a tax on *you*. Vote NO on Proposition 22.

22 IS A TAX ON YOU!

MENLO PARK NEWS

Mr. and Mrs. W. H. Weeden celebrated the 44th anniversary of their wedding Tuesday evening with a dinner at their home for a few relatives and friends. They were married in Oakland 44 years ago and after a short honeymoon came to Menlo Park to reside and have lived happily ever since. The ex-mayor and his brother, Charles Weeden, have erected some of the largest buildings on the peninsula during the past decade.

Jack Welsh and Berney Doyle, Menlo Park, registered at Menlo Junior College when it opened last Monday. Both are bright young men and their goal is Stanford.

Mr. R. S. Odell, Atherton, president of the Pacific States Building and Loan Association, plans to erect large houses on his big estate. They will be for sale or rent. The Odells are now traveling in Europe.

Atherton is rapidly becoming an exclusive residential district. B. B. Meeks, who is manager of the Hearst properties at a salary of $25,000 a year, is about to erect a $75,000 home on Atherton avenue and Walsh road.

The many friends of Frank Maloney Sr. and Edward Feeley will be pained to learn that both are quite ill and it may be some time before they recover.

Mrs. Louise King, who passed away at her home here last Monday, was buried in Holy Cross Cemetery, Menlo Park, yesterday. She was well known here.

Mr. and Mrs. Leroy Nickel will depart for New York on Sunday. Mr. Nickel goes to consult a specialist for an eye ailment.

A son was born to Mr. and Mrs. John Patterson, nee Lawler, on Admission Day. The boy weighed 11 pounds, 8 ounces. When he grows up he should be an enthusiastic Native Son.

Last Friday morning a son was born to Mr. and Mrs. Harry B. Morey, nee Sullivan, at Mills Memorial Hospital. The youngster weighed 7 pounds, 1 ounce, and has been named Harry B. Morey Jr. The postmaster is proud of his beautiful boy.

Mr. and Mrs. W. J. Weeden have returned from their honeymoon spent at Feather River. The couple were married last Saturday. The romance began at the University of Nevada, which the pretty bride, Miss Doris Conway, and the Menlo man attended. Mr. Weeden is a graduate of the university and Hastings Law College. Mr. and Mrs. Weeden will live at San Jose, where Mr. Weeden is engaged in business.

Last Monday Mr. and Mrs. E. E. Quayle returned from a trip to England. They spent the summer in England and Wales and their native Isle of Mann. Mr. Quayle is owner of the Peralta Pigeon Farm on the highway which he leased before leaving for Europe.

Elise Werthman of Menlo Park, who was last seen as one of the neighbor girls in the Palo Alto Community Players' production of "Noah," is playing the feminine ingenue lead in the mystery-comedy, "The Bishop Misbehaves," at the Palo Alto Civic Theatre this week-end.

The Women's Guild of Trinity Episcopal Church elected Mrs. Evans Hammond president at its first fall meeting Monday afternoon. Mrs. Bryan Whiting is the new vice president, and Mrs. Ross Cox is treasurer. Mrs. Stanley Pearce was chosen secretary pro tem.

At its first meeting of the new school year, held last Friday afternoon, the Menlo Park Parent-Teacher Association decided to hold a rummage sale November 5 in the Maloney building. The home study section met this week with Mrs. George Angus on Winchester drive, Atherton.

Government Doubles County Relief Funds

That for every dollar the county has expended since 1932 for unemployment relief, the government has contributed nearly $2, was revealed today by calculations of the county engineering department.

Total expenditure for unemployment relief over this period totaled $1,048,614, of which $702,852.14 came from outside sources, WPA and other federal funds reports of Engineer U. S. Marshall show.

Of the total expenditures, $90,604 was a portion of the $350,000 unemployment relief bonds voted by the county, and of which the balance was spent by the cities and the social service department.

Industrial employment in August showed a 20 per cent gain over the same time in 1935 in the State of Virginia, the chamber of commerce index reveals.

Menu Flashes by *Joan Andrews*

Apples are so abundant that they offer a challenge to the ingenious kitchen impresario. Your apple variety show should include the presentation of that star performer apple betty. Just roll some crisp graham crackers into coarse crumbs and mix them with plenty of melted butter. Then put a layer of sliced apples in a buttered baking dish, sprinkle with sugar and cinnamon and a dash of nutmeg, and add a goodly layer of buttered crumbs. Repeat as often as you like, but make the last layer buttered crumbs. Serve this hot with cream.

When you make this dessert be sure you use Golden State Butter. Its richness and fine flavor are all-important. You need have no flavor worries when you buy Golden State Butter. It's always delicious.

Two O'Connell Brothers Open Law Office Here

Two Sequoia Union High School graduates who also were graduated from the University of San Francisco have announced opening of Redwood City's newest law office.

They are Daniel E. O'Connell and F. Edmund O'Connell, brothers of Postmaster R. E. O'Connell Jr. and sons of Mr. and Mrs. R. E. O'Connell of 57 Fulton street.

The new offices are in rooms 4 and 6 of the Doxsee Building, where the brothers plan the general practice of law.

Both men have lived in Redwood City for many years, Edmund having been born in this city. He was graduated from the University of San Francisco Law School in 1934, Daniel in 1935.

100 Register In Night Work

Opportunity Offered For More to Take Adult Work

With more than 100 registered for study in the Sequoia night school, officials believe that it is rapidly becoming a real community institution.

Although this number is about the same as last year, S. S. Mayo, principal of the night school, is confident that the number will increase within a short period, he said today.

The class in artcraft is expected to be popular this year as it is giving an opportunity for students to cut and print their own Christmas cards and to manufacture small leather and metal products suitable for gifts.

Among the features of the night school are classes in current events, a course in parliamentary procedure, and still another in general psychology.

Badminton is proving popular with the men's physical education students. The newly-popularized sport is gaining a foothold here much as it has all over the United States in the past two years. The swimming pool is also available to the gym students. Classes are from 7:30 to 9 o'clock on Wednesday evenings.

Certain exercises designed to fit the needs of the individual woman are highlights of the women's physical education classes, which are held on Mondays and Thursdays from 7:30 to 9 o'clock. Swimming is also proving a great attraction to the ladies.

According to Mayo, an opportunity to learn practical French under a native teacher will be offered if enough Redwood City people are willing to register for the class. Registration may be made in the Sequoia offices after 7:30 in the evening.

The machine shop opening has been set for October 5 because of the late signing-up of students.

Beer Files New Bond In Plenty of Time

Supervisor Fred Beer, beating the deadline by 26 days, has filed his $2,500 bond for the second district supervisorial post to which he was elected to succeed himself in the primary race.

In 1932 Beer, together with Walter High, failed to meet the deadline and had to be appointed to the supervisorship by Governor Merriam.

Beer, first to file his bond since being notified officially September 10 of his election, had until 30 days from the date of notification —October 10—to file the bond which was set by Superior Court Judges Aylett R. Cotton and Maxwell McNutt.

Former Convict Held As Suspect IN M. P. Burglary

Just two months after being released from San Quentin prison where he served three years for grand theft, Dennis P. Barrett, 26, Menlo Park plasterer and gardener, found himself today once again in the toils of the law.

He is charged with burglarizing the home of Henry Schwabenland, 1320 Mill street, Menlo Park, of a suitcase, clothes and $18 in cash.

Arrested over the week-end on a charge of being intoxicated, Barrett was charged today by Menlo Park police with the burglary felony, which Officer F. R. Andrews said Barrett had confessed.

Andrews searched Barrett's residence in a rooming house at Menlo Park and found the allegedly stolen goods, the officer said. The police had been suspicious of Barrett for some weeks, Andrews said, and were still investigating possibility of his having been implicated in other Menlo Park and peninsula burglaries.

Write-In Campaign Enlivens M. P. Vote

MENLO PARK, Sept. 15.—Although a lively write-in campaign enlivened the election, three incumbent sanitary commissioners were returned to office in yesterday's balloting, all of which took place at the central poll located at the firehouse.

Those re-elected are William P. Casey, who received 211 votes; Martin L. Crimmins, 207, and Edward E. Eyre, 206.

J. E. Skaggs, the write-in candidate, received 61 votes. A total of 278 citizens cast ballots.

I like everything about my new gas heater. It is so clean and good looking. In no time at all our house is as warm as toast. I like even the gas bills. Last winter I used my new gas heater a great deal but my gas bill was only a few dollars higher. Goodness knows, I don't run an extravagant household and budget out money closely. I can't see why any woman who needs better heating in her home would have anything except a clean, efficient, modern gas heater.

Modern Gas Heating...

has proved its economy and cleanliness in thousands of homes. Today's gas heating equipment is smart looking, costs little to buy and to operate. At your dealer's or this company all types of gas heaters can be purchased on low monthly payments.

NYA Jobs Set For 50 Youths

S. M. County Families To Benefit From New Projects

The National Youth Administration, planning to resume project activities in San Mateo county within a short time, expects to assign nearly 50 youths on various projects located throughout the county.

Youths eligible for employment must be from certified relief families and between the ages of 18 and 25.

Aim of the program is to develop projects that have either vocational training or broad educational values, as well as immediate work value. Projects predicated on the practical needs of the youth in the county are being planned. Work will be undertaken in conjunction with city and county schools and other public agencies, with activities including plant propagation, library assistance, sewing and weaving, recreational leadership and other developmental projects designed to meet local needs.

Eligible youths to be assigned to this part-time work must first register at the National Re-employment Service, 211 First avenue, San Mateo, after which assignment may be effected by contacting Mrs. Nina I. Jackson by letter or interview at WPA headquarters, 1300 Howard avenue, Burlingame.

Post Office Honors 'Air Mail Week'

In recognition of the rapid increase in the use of air mail during the past 10 years, the present week has been officially designated as Air Mail Week by postoffice authorities on the Pacific Coast, it was announced today by Postmaster R. E. O'Connell Jr.

"The use of air mail by both business houses and individuals has shown a growth little short of phenomenal," said Postmaster O'Connell. "Poundage during August was approximately 28 per cent greater this year than during the same month in 1935. When figures are compiled for September we believe they will show an even higher figure than August."

Gold mining on a commercial scale is again going forward in North Carolina in several sections.

Deer, Fowl Handled

GOOD REASONS!

While Humane Officer Alan McKay's monthly report to the city council usually deals only with dogs and cats handled at the local pound, last month's activity, as reported to the city council Monday night, included the disposition of 71 fowls and one deer.

However, McKay explained, the entries appeared on the report not because the birds and the animal were found wandering down a Redwood City street without a license, but because the deer had been shot by a hunter who found, much to his disgust, that it was infected with fever sores, and the chickens had been destroyed by a dog which had broke into a local pen.

Consequently, the pound was called upon to get rid of the worthless carcasses.

Overhead Sewer In Colma Area To Be Replaced

San Mateo county's only overhead sewer system soon will be replaced by a modern 15-inch concrete pipe.

This was the word received today by County Engineer U. S. Marshall when informed that a WPA project had been approved by the San Jose office to replace the 30-year-old wooden flume which carries refuse from Daly City and Colma to the ocean.

The flume, located near Lake Merced, spans a 2200-foot valley and is on a trestle about 24 feet in the air, ending in a mile-long tunnel which comes out at the Pacific Ocean.

Engineer Marshall said that the $6557 project, of which the WPA will contribute $5333, will save about $700 annually in electric bills by eliminating two pumps long used to boost the sewage into the flume.

Work on the project will begin in about a month, Marshall said it was expected. Final approval is yet to be secured from Washington headquarters of the WPA, but Marshall said that sanction of the district office at San Jose was tantamount to final approval.

3 Amendments OrderedDrawn

Appointive Positions, Election at Large New Measures

Three amendments to the county charter, proposing to give the people a chance to vote on the "election at large" clause, abolish the county executive's office and make elective all but one of the officers hitherto elective and now appointive, were ordered drawn by the board of supervisors Monday.

The motions, all made by Supervisor Albert Witt Jr. of Colma and passed by the long-familiar 3-2 vote in which Witt with Chairman Manuel Francis and Supervisor Walter High overrode opposition of Supervisors Fred Beer and John Poole, were made after two other amendments to the charter were ordered placed on the November 3 ballot.

The latter two amendments, passed unanimously, propose increasing the supervisors' salary from $150 to $250, and clarifying the charter section regarding dismissal of appointive employes.

Merriam Defers Action on County Patrolman Plea

Absence of Ray Ingels, on vacation, and Raymond Cato, called to Salinas, balked a committee of three supervisors and County Executive Walter Kellogg who visited Governor Merriam in Sacramento yesterday when they attempted to secure more highway patrolmen for San Mateo county.

Governor Merriam told the committee that in the absence of the head of the state department of vehicles and of the chief of the state highway patrol, the latter supervising patrolmen on detail in the strike-torn Salinas area, he would rather not take any action on the supervisors' requests.

Governor Merriam set a tentative date for the first week in October for further discussion of this county's traffic problems.

Supervisors Manuel Francis, Albert Witt Jr., and Fred Beer made up the committee, with Kellogg.

Harbor, Power Problems Met

Expressing themselves as having been greatly benefitted by the League of Municipalities convention so they could better render public service in their respective duties, six Redwood City officials were back at their homes today.

Mayor Paul McCarthy, Councilmen Louis Christensen, William Hohn, Evans Fletcher and George McNulty and Acting City Manager Charles Dimmitt were those attending the Santa Monica sessions, which drew approximately 700 delegates from California cities.

While councilmen attended sessions devoted to their problems, Dimmitt went to sections considering technical questions of management and engineering and Mayor McCarthy went to sessions of city attorneys and public utility experts.

Manager Dimmitt used the occasion to interview officials on conditions affecting the dredging of Redwood Creek for the construction of Port Redwood City.

Carl Heinze, electrical engineer of Los Angeles, and employed by Redwood City as expert in the proceeding before the State Railroad Commission to value the local distribution system of the Pacific Gas and Electric Company preliminary to purchase thereof by the city, met the local delegates for discussion of some of the questions involved.

Each of the local men had opportunity for personal discussion of problems with men from other cities who are specially informed on particular topics.

Field May Lose Sight From Repair Mishap

Lawrence Field, 20, 522 Bradford street, Redwood City, was in the Community Hospital today at San Mateo where doctors were in doubt whether or not he was going to lose his sight.

Young Field had his eyes filled with carbon and grease when an automobile he was repairing here last night backfired.

He was rushed in agony to the hospital. Attaches there said that condition of Field's right eye caused especial concern, although the other eye was also in "bad shape." Several days will be necessary to tell whether the youth will be blinded or not.

Morey Nearly Loses Chance At Board Post

M. P. Man Files List Of Expenditures Two Days Late

That John W. Morey of Menlo Park nearly lost his opportunity of contesting in the November election against Incumbent John W. Poole of Redwood City for supervisor from the Third District was revealed Monday after the former had filed, two days late, his statement of expenditures in the primary campaign.

While primary election laws provide that the statement must be filed within 15 days of the election, Asst. Dist. Atty. Daniel E. Sullivan expressed opinion that since Morey had filed the statement with the county clerk before any action was brought against him, he had precluded possibility of his name being taken from the general election ballot.

The statement, listing expenditures of the candidate as $276, was filed in the clerk's office late Saturday.

Warm Welcome For Winner

Beauty Contest Victor Assured Reception At Texas

The San Mateo County Products and Floral Fiesta popularity contest winner is assured a warm greeting when she sets foot at the Texas Centennial Exposition at Dallas.

This became a certainty today with a letter to Frederick Weddleton, advisor to the Fiesta Commission, from Ned Blaine, director of special events at the Texas exposition. He said in part:

"It will indeed be a pleasure for us to welcome the winner of the contest and her chaperon to our exposition. We will be not only delighted to accord them admission to the grounds, but to our concessions. We will also take pleasure in seeing that she is publicized while she is here and you may rest assured that she will leave here feeling that she has received a cordial welcome and has been well taken care of.

Use of Lie Detector Told to Lions Club

George A. Weber, consulting criminologist of Palo Alto, last night addressed the Redwood City Lions Club at a meeting held at Sodini's Tavern.

Weber's talk dealt with the "lie detector" and its use in criminal work. A demonstration of the machine was made.

John E. Farrell, police chief of Atherton, was chairman and arranged the program. Mayor Paul A. McCarty was a guest. George McQueen, president, presided.

Elaborate Equipment Seized; 23 Patrons Are Unmolested

Result of one of the series of gambling raids in San Mateo county, four complaints were being drawn today charging bookmaking activity against H. C. Caldwell, 62, owner of a Belmont hotel and liquor store; J. C. Caldwell, 27, his nephew; William Bilka, 31, butcher, and W. McLeod, 30, clerk.

Entering the Belmont place, located in the heart of the city and long rumored as the scene of much booking activity, late Saturday, eight officers found nine women and 14 well-dressed men patrons in the place, they reported, with the four men who were arrested allegedly operating elaborate equipment which was seized as evidence. The patrons were not molested.

In addition to the forms and charts, radios, wires and other paraphernalia taken by the officers, approximately $75 in cash was confiscated.

Relief Home Hears PWA Band, Radley

Augmented by five new instrumentalists, including two women, the 25-piece San Mateo county orchestra, a WPA project, with Darrell Rexford conducting, recently entertained the inmates of the Relief Home with an hour of music.

Religious services were conducted Sunday by members of the Full Gospel Church, Roosevelt avenue, Redwood City, with Pastor Paul Radley delivering the sermon and leading in the singing.

Superior Court Trial Faced By O. E. Potter

His fifth hearing in three years on drunken driving charges will be faced by O. E. Potter, 44-year-old local mechanic, in superior court, as the result of Justice of the Peace Edward I. McAuliffe's decision to hold him to the higher court for trial.

Before his latest arrest early last week Potter had been charged with driving while intoxicated in November, 1933; March, 1935, and twice in April, 1935.

Bail on Potter was set at $500 cash or $1000 bond. In lieu of it, Potter is being held in jail.

Ex-Students Honor S. M. College Dean

Honoring Charles S. Morris, dean of the San Mateo Junior College and former vice principal of the Modesto High School and dean of the Modesto Junior College, 130 alumni and former faculty members of the Modesto schools attended a banquet held Saturday night at Hotel Hughson in Modesto.

Before coming to San Mateo, Morris was an educator in the Modesto schools for more than 15 years. He started his teaching career at the Palo Alto High School while attending Stanford University.

From Redwood City, Sam H. Winklebleck of the high school class of 1919 and George McQueen of the high school class of 1925 and junior college of 1927, with their wives attended the affair.

FIESTA WINS STATE-WIDE RADIO HOUR

Conrad Nagel, Other Stars to Salute S. M. County

San Mateo County's Products and Floral Fiesta scheduled for next month at Bay Meadows will be given statewide publicity over a popular radio program—"The Californian's Hour."

This was made known today by County Publicity Director William McCarthy in his announcement that on the night of October 5, over the Columbia network, the "Californians," under direction of Conrad Nagel, movie star, will salute San Mateo county and its mammoth fiesta.

Three Northend Boys Face Theft Charges

Three Daly City youths were faced with petty theft charges today after being arrested by Undersheriff Lawrence Nieri and Deputy Adolph Waldeck yesterday in Daly City.

Nieri said the youths are believed to have stolen an electric motor, a battery charger, and some tools, all amounting to about $125, from the Olivet Nursery, Colma. The theft took place last week.

Justice of the Peace Wade H. Clay set the youths' bail at $50 cash, a sum which only one of them, Hawthorne, was able to produce.

SIX INJURED IN WEEK-END CAR CRASHES

Two Facing Charges After Crash Series Within County

Week-end traffic accidents in the county today left six persons injured, two of them Redwood City youths, and resulted in one Redwood City driver facing misdemeanor hit-run charges and another man drunken driving charges.

Injured were Frank Veras, 21, Route 2, Box 53, Canyon road, cut lip and smashed hand; Carl Kroijen, 20, Canyon road, Redwood City, broken leg; Edward Lacey, 37, Belmont, cut and bruised; his wife, Eleanor Lacey, 41, cut and with a possible skull fracture; Robert Lacey, 22, lacerated and with a possible fractured pelvis, and Highway Patrolman James Wallace, 34, cut and bruised.

Charged with hit-run driving was Kenneth Stumbaugh, 23, 612 Winslow street, Redwood City. He is charged with failing to stop after crashing late Sunday into the parked machine of T. A. Hubner of San Francisco.

The allegedly drunken driver was Richard Lundgren, 62, San Francisco painter, held after a collision at 12:35 a.m. Sunday on the Bayshore highway near Menlo Park with the machine of Norman J. Nathanson of San Jose. Judge McAuliffe set Lundgren's bail at $100, which he was attempting to raise.

SUFFERS HIP FRACTURE

SOUTH SAN FRANCISCO, Sept. 15.—Mrs. F. Belantoni, San Francisco, suffered a possible fractured hip here yesterday in a car smashup.

Final Dunne Estate Accounting Complete

Final accounting in the $1,156,468 Viola K. Dunne estate was completed here as Superior Court Judge Aylett R. Cotton approved payment of $20,000 additional fees to Attorney V. A. Scheller of San Jose and $5000 apiece to Executors Dr. Edwood Engel of Hillsborough and Frank Campbell.

Recently Judge Cotton approved sale of the Dunne San Benito ranch for $500,000. With the final accounting complete, distribution of the huge estate, left to charities and some to the city of San Jose and others, will go forward. Mrs. Dunne died in Hillsborough in 1928.

Kiwanis Hears Of Constitution, Ball Tilt Proceeds

As their observance of Kiwanis International's Constitution Week, local Kiwanians at their meeting yesterday heard a discussion of the history of the constitution, given by Fred W. Blase of the history department, Sequoia high school.

President Clarence Argo read the international message to the club and Wayne Millington of the Lions club told of the coming football rally September 23 at the high school. Al Sagehorn was chairman.

During the meeting it was reported that net proceeds from the spectacular and hilarious Woman's Club-Kiwanis baseball game amounted to $207.89. Half of the amount goes into the Woman's Club building fund; the other half into the Kiwanis' underprivileged children fund.

Nevada has a population of less than one to a square mile.

S. F. Chauffeur Held After Auto Smashup

Following an accident Monday night on the Millbrae intersection on the Bayshore highway, John Kanscha, 48, San Francisco chauffeur, was booked at the county jail for driving while intoxicated. Kanscha's machine collided with that of Leland S. Nevins of Burlingame. None was hurt.

As Kanscha attempted to raise bail, another allegedly drunken driver, Frank Montgomery, Middlefield road, Redwood City, was formally accused of the charge by Emile Roque, also of Redwood City. Justice of the Peace Edward I McAuliffe said Montgomery will be arraigned Thursday at 10 o'clock, when the preliminary hearing will be heard.
